Luxury 4-bedroom ECO villa for sale in Javea. Located within one of the most sought-after and beautiful residential areas of Javea on a flat plot with easy access to amenities, this property is to be built in a contemporary minimalistic style designed to drink in the natural light whilst keeping the interior with feature central patio cool and inviting. Using modern innovative eco-friendly materials in its construction as well as utilising a water conservation system to reduce waste. The latest technology in solar panels is included as standard and the property is fully insulated to ensure energy efficiency. Consisting of a large open plan living room with extra height sliding doors opening to the garden and private pool areas. Luxury fully fitted kitchen with high quality integrated electrical appliances. There are four double bedrooms and two bathrooms with the master bedroom ensuite having its own stunning private terrace. The L-shaped private pool is a real feature and wraps around two sides of the property. Creative lighting gives a stunning effect when illuminated at night. Outside, the gardens are landscaped with beautiful easy-to-maintain Mediterranean plants and with automatic irrigation and electric entrance gates. This is a stunning and innovative high-quality property, modern, minimalist & contemporary throughout. Please call us for more info or to arrange to view the site.[IW]
